DATA TO DRIVE CONTINUOUS IMPROVEMENT

Revised on:

---

*Characteristic 5: Effective School Boards are data savvy; they embrace and monitor data, even when the information is negative, and use it to drive continuous improvement.*

The Board of Trustees of CJI Public Schools are committed to embracing and monitoring data, even when the information is negative, using analysis of data to drive continuous improvement through teaching and learning. The Board will view data as a diagnostic tool, without the emotional response of assessing blame. As a Board we will continue to identify specific student needs through data, and justify decisions based on data, knowledge and informed perspective, rather than on the basis of opinion, power or political persuasion.
